

Supporting People to Take Medications

This one day face to face workshop style course is suitable for anyone involved in supporting people with medicines regardless of care setting i.e. support workers in health and care, unpaid carers, volunteers and pharmacy assistants. Accessed for free*, it will enable participants to provide safe medication support in a way that observes person centred principles.

The course includes guidance on the safe management of medicines and legislation that relates to the management of medicines so as to work safely and meet regulatory standards.

Learn Through practical & interactive activities.

Training supports the knowledge requirements of CQC and Care Certificate standards.

Course designed to compliment medication e-learning package.

Course delivered by professional trainers who have specific expertise in medicines management.

Course Dates:

**7th Jun 2018 - 09:30, Kings Medical Practice, Norman-
ton**

19th Oct 2018– Cedar Court Hotel, Harrogate
